

ESS Product Model

Avalon-PRO-7.6P1-24.5P1M5

Energy Panel

Maximum grid input	AC 240V/200A/50~60 Hz
Maximum continuous AC current	200 A
Maximum energy storage inverter input	3X11.4k VA parallel
Maximum load output	AC 240 V/200 A
Load shedding circuit	12X120 V or 6X240 V
Load shedding circuit maximum continuous current	50 A

PCS

Model	Avalon PCS 7.6P1
Grid input voltage range	211-264 Vac
MPPT voltage range	80-520 Vac
Max input current per MPPT	16 A
Nominal charge/discharge current	50 A

Battery

Model	HV-BAT-24.5P1M5
Operation Voltage Range	198.75 ~ 262.5 Vdc
Nominal Energy	24.5 kWh
Nominal charge/discharge current	50 A
